INTRODUCING

HECTOR TOMAHAWK EV

— PLUG-IN TO THE FUTURE —

BaaS* RANGE STARTS AT

₹13.99* LAKH

+ BATTERY RENTAL @ ₹4.9* /km

*Ex-showroom price India for base variant under BaaS unique ownership programme. Images & depictions are for illustration & representation purposes only. Features, accessories, and specifications as shown are not standard for all variants. T&C apply.

What if the future isn't a destination?
What if it's a decision?

A decision that invites you to make the first move.
To embrace what comes next.
To forget the limits.

Because tomorrow doesn't belong to the people
who prepare for it.
It belongs to the people who are already living it.

To those who go further without hesitation.
Who can imagine beyond today.
Who are in constant pursuit of possibilities.

The future isn't just about new technology.
It’s about a new way of living.

One that’s designed for bigger plans.
Bolder choices.
Unexpected turns.
One that’s ahead of its time.

So why wait for tomorrow to arrive,
When you can plug into it today?

MG Hector Tomahawk. Plug-in to the future.

THE BEST OF TOMAHAWK

KEY HIGHLIGHTS

RANGE
517* KM

BATTERY
69.2 kWh

0-100
KM/H

JUST 8.2
SECONDS

SAFETY

TAKING PEACE OF MIND TO NEW HEIGHTS

BUILT WITH HIGH TENSILE STRENGTH

High strength steel body structure. Built like the Tomahawk, to take what the day throws at it.

MAGIC BATTERY

Sitting at a high ground clearance of 230 MM, the Tomahawk's 69.2 kWh battery has been tested across 2000+ bench tests, 490+ vehicle validations and extreme environmental conditions.

6 AIRBAGS* (DUAL FRONT, SIDE & CURTAIN) STANDARD ACROSS ALL VARIANTS

To keep your drives safer and your mind stress-free.

360° HD CAMERA WITH TRANSPARENT CHASSIS AND WHEEL VIEW

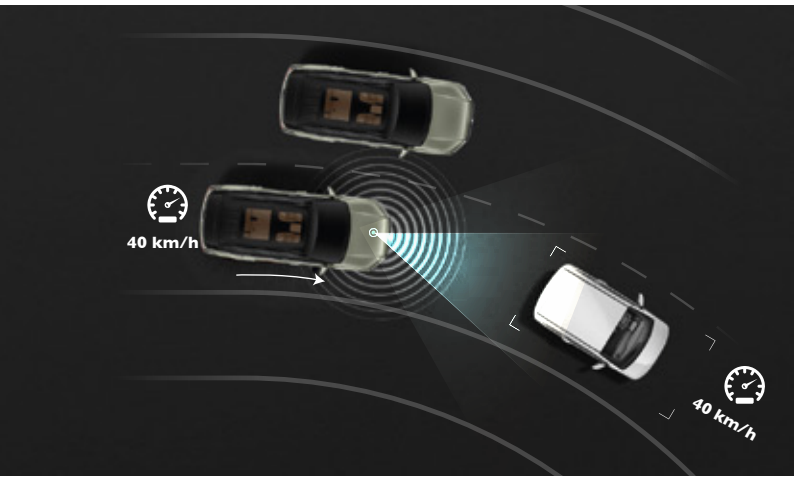

A view that sees all around to keep driving and parking at ease.

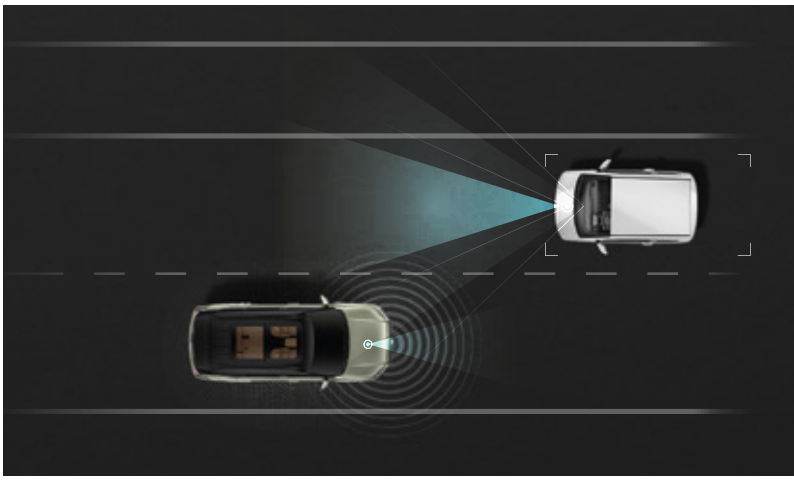

*Refer to the Owner's Manual for detailed information on the operation and functioning of the Airbags system. T&C apply.

AUTONOMOUS LEVEL – 2**

ADAS

Featuring 11 Advanced Driver Assistance System (ADAS*) functions that enhance comfort and safety by automating driving controls, including acceleration, braking, and steering assistance.

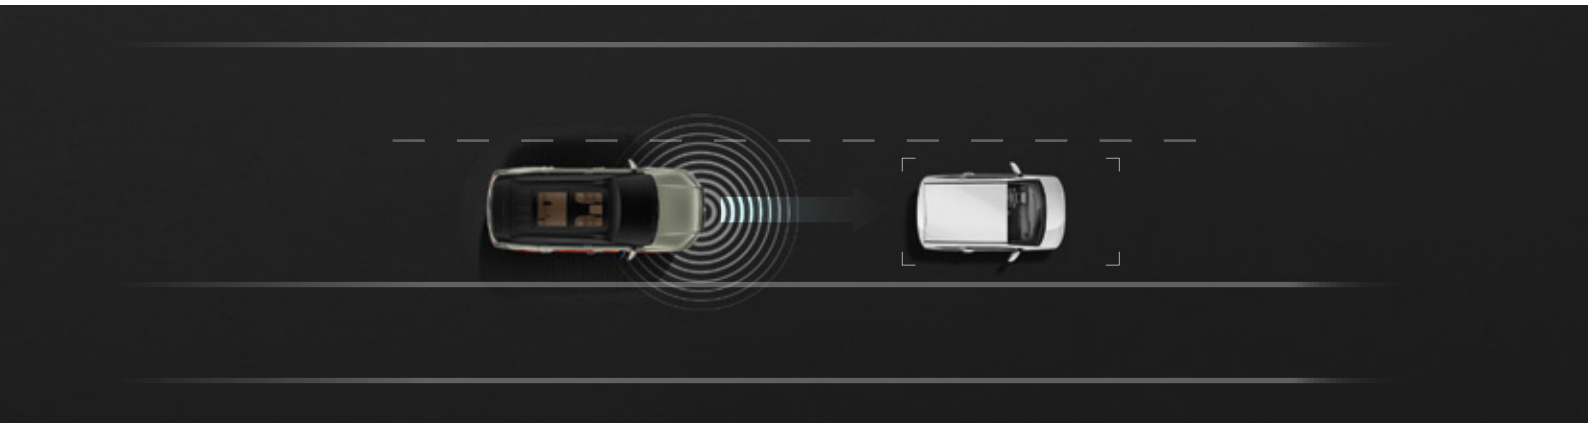

TRAFFIC JAM ASSIST (TJA)

TJA combines Adaptive Cruise Control (ACC) and Lane Keep Assist (LKA) to navigate heavy traffic with ease.

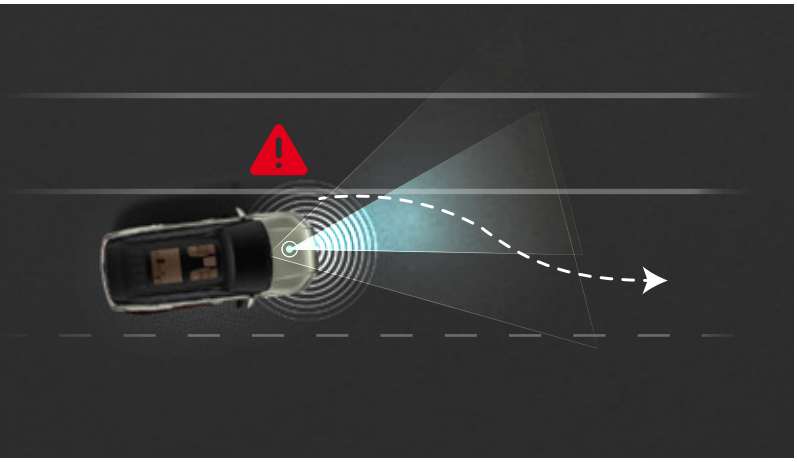

INTELLIGENT HEADLAMP CONTROL (IHC)

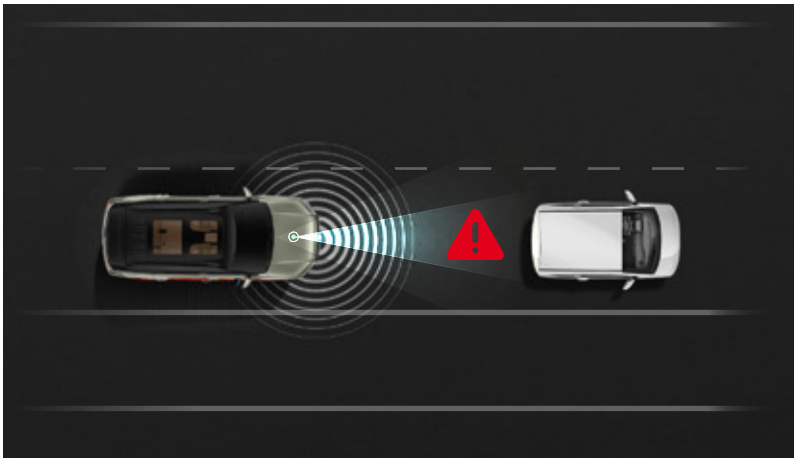

IHC activates and deactivates the high beam, depending on the oncoming traffic and environmental situations.

AUTOMATIC EMERGENCY BRAKING SYSTEM (AEB)~

AEB alerts the driver about a probable collision with a four-wheeler, two-wheeler or a pedestrian. When the gap becomes too close it applies autonomous deceleration if there is no action from the driver.

LANE FUNCTIONS

Lane Departure Warning (LDW) and Lane Departure Prevention (LDP) The camera monitors lane markings, warning the driver of deviations and assisting with steering to prevent unintentional lane departure.

FORWARD COLLISION WARNING (FCW)#

An advanced warning system that monitors the road ahead using cameras and alerts you if you approach a vehicle too quickly or follow too closely.

*Advanced Driver Assistance System (ADAS) is not a substitute for human eye and driver vigilance. It is a driver assist system that enhances driving experience and safety. The driver shall remain responsible for safe, vigilant, and attentive driving. #FCW alerts the driver of potential collision by detecting pedestrian, bicycle or vehicle in front through visual and acoustic signals. ~AEB activates braking intervention to help in preventing collision at slow speed or reduce speed of collision by decreasing the vehicle speed by 40 km/h. **Driver supervision is mandatory at all times and ADAS features are intended only to assist the driver and do not replace safe driving practices. The User may refer to the Owner's Manual for further information.

VEHICLE-TO-HOME (V2H)*

INDIA'S FIRST VEHICLE

THAT GIVES YOU THE POWER TO GO BEYOND

Vehicle-to-Home lets you use MG Hector Tomahawk's battery power to power your home when you need it.
Using two-way charging, energy stored in the EV battery can be used to run lights, fans, appliances and other everyday devices.

VEHICLE-TO-LOAD (V2L)

V2L lets you take the MG Hector Tomahawk's power beyond the road. Connect compatible devices and appliances directly to the car, whether you're camping outdoors, enjoying a road trip or spending time off-grid.

VEHICLE-TO-VEHICLE (V2V)

The V2V feature in the MG Hector Tomahawk offers the capability to charge another electric vehicle with it.

*Availability and functionality of V2H, V2L and V2V features may depend upon regulatory approvals, hardware compatibility, installation requirements, charging equipment specifications and applicable local conditions.
